DS12V 12” DISC SANDER MAINTENANCE MANUAL

Properly maintaining your equipment will keep it functioning properly for many years. Following these simple steps listed below will help you extend the life of your machine.

- Clean the machine thoroughly weekly.
- Thoroughly clean the vacuum thoroughly prior to sanding different materials. This is done so you don’t start a fire in the vacuum base.
- Replace the cloth filter frequently so the vacuum motor doesn’t burn up.

REPLACEMENT PARTS TO KEEP ON HAND

- 160-002 12” aluminum disc
- 5X878 cloth filter.
- 5X878FP (optional fire proof cloth filter).

Keeping replacement parts on the shelf is important. This will keep you up and running. Below is a list of replacement parts to keep on hand.
